National Learning Object Repository

Christian Rohrer and Rolf Brugger, SWITCH

- Presenting a possible architecture of a federal repository network
- Report from the repository pilot project
- Discussing requirements and use cases of the workshop participants concerning the further implementation

Developing eLearning Quality in Switzerland

Sabine Seufert (SCIL), Christian Hohnbaum (SVC)

- Strategic Aspects:
Where does a „national initiative“ make sense regarding eLearning Quality? What is the role of the Swiss e-Hub?
- Implementation Aspects:
What are necessary services the Swiss e-Hub should provide?

Further Financing: EU Funds, SNF, KTI

Christine Poupa (Eurosearch UniSG)

Thorough insight in different European funding schemes:

- Different programmes and their conditions for participation
- Procedure
- Tips/ Checklists: important things to know

Questions & Discussion concerning Swiss and EU funding schemes.

We wish you

inspiring and challenging workshops!
